

Ferdinando Rossi Lectures on Neuroscience

Neuroscience Institute Cavalieri Ottolenghi

Monday, February 9th, 2015 - h 14.00

Azienda Ospedaliero-Universitaria San Luigi Gonzaga
Orange room

Cytoskeletal Mechanisms of Axon Growth and Regeneration

Frank Bradke

German Center for Neurodegenerative Diseases, Bonn

Frank Bradke has elucidated cytoskeletal dynamics regulating not only axonogenesis and dendritogenesis during development but also axon regeneration in the adult nervous system.
